RATTLER

PATRICIA BROCK

Rattler

Presented by Students
of
MURFREESBORO HIGH SCHOOL
Murfreesboro, Arkansas

Alma Mater

A student's humble love we bring,
Our Alma Mater we will sing.
We'll love and cherish 'till we die
All glory to thee Murphy High.

For faith and hope and loyalty,
Fond mem'ries that around thee cling
Our hearts are pledged to thee we sing,
All glory to thee Murphy High.

In Memoriam

We respectfully dedicate this volume of the Rattler in memory of Mrs. Katherine McDonnell, who through her keen foresight, unfailing energy, and friendly advice extended the teachings and ideals of the Murfreesboro School to hundreds of students.

This Is M.H.S.

Only a photograph of a building, you say? How mistaken you are! To an outsider, yes, this is just another building - but to the students of Murfreesboro High School it means much, much more. The friends made here, the achievements won, the disappointments suffered (but wisdom gained), and knowledge acquired here have made MHS a very special building.

It would be hard to forget the crowded halls... the hours wasted during study hall... the assemblies ... the excitement of a close game... the tardy slips ... the discussions in class... the mad scramble for the door...

And so, here is your book, the 1959 RATTLER, which we give to you so that you will never forget this past year in good old MHS.

You are the sweetest girl I know
We have gone to school together
for quite a while and we have
been through some times together
We have had our share of arguments
although they didn't mean anything
always stay as sweet as you are
now.

Love you,

To a very sweet girl,

Dear Patricia,
I have enjoyed going to school with you this
year. I think you are a nice girl & also one
of the sweetest girl I know. I will always
remember you as my algebra friend. Hope
to have more fun in our Jr. & Sr. year
than we have in our Sophomore year although
we have had lot of fun this year. Hope
you can always remember me as one of
your friends.

"Crazy Man Crazy"

Dear Patricia,
This brings to close another horrible year of school.
If it wasn't for friends like you, Emma and Carlene, I'd
never have made it. If I ever need to work a problem in
Algebra, I'll call on you, but I doubt if I need Algebra in
the business I'll take up. I think you are one of the nicest
girls I know. I will consider you as one of my best friends always.
Best of luck.
